Region 5 recently reorganized and moved the enforcement oversight to a new enforcement division. I will still be working with you on the program side. Claudia Niess will be your contact for enforcement related issues. She is cc'd on this message.

I have 3 IDPH inspectors that are listed as federally credentialed: O'Meara, Rump and Valcheva. IDA has committed to conduct 6 Marketplace inspections and 6 product samples by September 30, 2019. IDPH should refer complete inspection reports for inspections conducted using federal credentials within 60 days of completion. Complete inspection reports include a narrative report and supporting documentation (including sample results).

O'Meara has conducted MPI inspections in the past. If she is no longer working on pesticides, she will need to return her federal credentials. There are annual training requirements that are necessary for your inspectors to maintain their credentials. Claudia will assist you with that process and ensure that you know what is necessary.

I've attached a copy of the workplan template that is in effect for FY19. You should review the Workplan tab for additional commitments that you are responsible for. Please feel free to contact either Claudia or me if you have any questions.

All inspectors got back to me. No MarketPlace Inspection conducted for that period.

We have 2 federally credentialed inspectors, only one (Allison Rump, West Chicago) has been trained on conducting MPI. I will inform her to conduct the inspection. Any specific number and a deadline?

Thanks, Ola

You are welcome!

Most of our inspectors are off on Mondays. I will give you a feedback on MPI figure when they all respond to my message.

I didn't say the numbers are inaccurate! I stated below that our system was giving inaccurate numbers so I physical counted inspection report. So to my knowledge, the numbers are accurate for the period.

I have no MPI inspection report for that period. I will check from regional inspectors and get back with you.

Thanks. How inaccurate is this? Also, it seems to be missing Marketplace inspections and number of samples. We need accurate numbers.

Thanks for the email Ola. I'll email this info to Susan Rittenhouse for her information. She was going to schedule a conference call with us mid-may to discuss how things are going. Thanks again. Have a nice week!

**Importance:** High

Hello Suzanne,

I had to do a count physically retrieving reports from last year. Our system is not giving me an accurate figure, even though plugging in the correct dates.

Inspection reports for Oct 2018 – 2019 are as follows:

Month/Year	# of Commercial Bus. Insp. (CBI)	Misuse	Warning Issued	Stop Sale	Referred to Legal
October, 18	11		8		1
November, 18	6		4		
December, 18	6	1	13		1
January, 19	16		15		1
February, 19	6		2	4	
March, 19	9		5		3
Total	54		47	4	6

I don't know where they fit in the Work Plan Accomplishments. I just wanted to show you that I've gathered something.

Let me know what next to do please.

Thank you,  
Ola

**Subject:** RE: Midyear report to EPA

Ok thanks.... The reporting period that we need to report inspections for is Oct 2018 – March 2019 – basically the first 6 months of the agreement.

Hello Suzanne,

Sorry for the delay. I was out with a swollen ankle last week and came back not feeling much better plus now I'm sneezing with runny nose ☹️.

I will start working on it tomorrow. I found a copy of the report my predecessor sent to IDA 12/14/18. Nothing much have changed since then, but I remember you mentioned Susan Rittenhouse does not like copy and paste so I will tweak the report and try to be specific as possible.

Thanks, Ola

Hi Ola... just wanted to see how you were doing in reviewing the template I sent you? Do you have any questions for me?

I'm out of the office this Friday and all of next week after Easter and would like to get my update into Susan Rittenhouse by Thursday... does that work for you?

We can talk tomorrow if that works for you. Let me know if you will be in the office. Thanks!
